

July 22 - 25, 2010 (Thursday-Sunday), the Artist Visions Film Festival will celebrate the creative visions of filmmakers from Hunterdon-Bucks County and beyond by featuring outdoor film screenings and live music on the river in the Lambertville Station parking lot (rain location: ACME Screening Room), a video installation in the center of town on the Wachovia Bank building, a local student film festival at the ACME Screening Room, a "Visual-Treasure Hunt" and City-wide events at galleries and shops.

The Festival will also feature a "nightclub" style party on Saturday, July 24th, at the Rago Arts building, with the Lambertville-based band Jac: a six-piece Latin-European inspired indy-rock/folk ensemble.

Famous 60's rock poster artist and Bucks County-native, Bonnie MacLean has designed the commemorative poster for the film festival which we be sold to raise funds for the ACME Screening Room, Lambertville's weekly film series. For the sale, 200 limited edition silk screen prints of the poster will be created by Firehouse Printing in San Francisco, California.

The Artist Visions Film Festival is a project of Friends of Lambertville Library, a tax-exempt non-profit organization.
